

PERSTEMPO-MONTHLY, SEPTEMBER 2003

**An authorized, unofficial information medium published monthly by
U.S. Army Human Resources Command St. Louis for PERSTEMPO professionals in CONUS**

LAST PERSTEMPO MONTHLY...

We informed members to be sure to go to your Unit Administrator (UA) if you were having problems signing on to the new [PERSTEMPO Web site](#). We informed all that each element must get your manually stored or filed information back into the Web site now that it is operational and that all soldiers assigned to the unit must be associated to your AHRI. Also, the PERSTEMPO counter through AKO is purposely delayed and will not be back up until around 1 October. Until then we reminded you to continue to report and track. Here's more PERSTEMPO scoop!

PERSTEMPO WORKSHOP

The USAR PERSTEMPO Management Team at HRC St. Louis and USARC will host a USAR PERSTEMPO Training Workshop on 5 & 6 November, at HRC St. Louis. Conference times will be 8 to 5 each day and will include briefs to help you better understand the direction PERSTEMPO is taking, a question and answer session, as well as computer hands-on training (limited seating). Stand-by. Info and invites are coming soon!!!

DEADLINE FOR DATA ENTRY!!!

7 September was the suspense for posting all manually filed and stored information back to the new [PERSTEMPO Web application](#). If you have not met this suspense, users should make every effort to immediately update their PERSTEMPO data. There will be an Army-wide data assessment conducted 8 September to 30 September. Accurate individual deployment history is critical as service members' deployments increase.

FORGET HOW THE WEB WORKS?

It's okay. We have been out of the business of signing on and doing business in the PERSTEMPO Web site since December last year. Go to the [PERSTEMPO User's Guide](#) housed on the What's New section of the PERSTEMPO Web site. You can print out the subjects you want to use and follow step-by-step in re-learning the new [PERSTEMPO Web site](#).

HIGH DEPLOYMENT PERDIUM

We have been getting a lot of questions about how the High Deployment Per-Diem (HDPD) will work now that soldiers are returning from deployment. All we know at this time is that it may change from the way we currently know it. For now it is the same (\$100 a day after 400 days). The Army G-1 is working hard to get this hot information out to PERSTEMPO Professionals. But for now, stand-by everyone and we will let you know as soon as we do!....don't blink, it should be soon!!!

INTEGRITY OF PERSTEMPO

The integrity of a unit's AHRS PERSTEMPO database information must be protected. Immediately report the departure of all account holders to your unit's User Administrator so that the departing individual's account can be inactivated.

QUESTIONS ABOUT PERSTEMPO?

For any inquiries about *PERSTEMPO Monthly*, contact The USAR PERSTEMPO Management Team, LTC Macmillan or Major Williams at 800-325-4118 ext. 0469.
